

Best Western Queen Hotel Scores 'Premiership'

Leading Chester hotel, the Best Western Queen Hotel, has just been awarded the prestigious 'Premier' status following a number of successful design, quality and service assessments.

The magnificent four-star hotel is the newest addition to a small number of exceptional Premier hotels within the Best Western group. With only six hotels achieving this status, outside of London, the hotel now proudly holds the title as Cheshire's only Premier hotel.

The hotel has recently undergone a multi-million pound refurbishment adding contemporary design-led features to the Victorian

interior of the hotel. The 218 bedrooms are decorated beautifully with individual touches and characteristics which add so much personality and style to this hotel.

Stunning ceilings and impressive staircases have been lovingly preserved from the hotel's historic origins. The lounge and bar areas are also stylish and traditionally furnished featuring modern amenities such as wi-fi.

The hotel offers a variety of dining options to suit all tastes – from the award winning design led Kings Quarters grill and cocktail lounge to traditional English fayre in the waiting room bar. Afternoon tea can be enjoyed in the traditional Albert Lounge. As a sign of the stunning quality of food the hotel has been awarded an AA Rosette Award.

Well equipped for meetings and events for up to 400 people with the latest technology and is one of only a few hotels that can actually accommodate this number. But for a meeting with a difference, set up an area in the Italian gardens and enjoy the peaceful surroundings.

David Clarke, Chief Executive, Best Western Hotels said: "The Best Western Premier Queen Hotel has achieved the highest of standards with excellent facilities, spectacular rooms and personal customer service and we are delighted to be welcoming the hotel into our Premier collection."

The Premier status is the highest accolade to be achieved from the Best Western group – with only a further seven hotels in Great Britain making it past the stringent assessments. What's more, out of 4,200 properties worldwide only 120 make the grade.

Simon Williams, General Manager of Best Western Premier Queen Hotel said of the hotels achievement: "Throughout our renovation we had Premiership status in mind and have been aiming for this for a while. It is testament to the attention to detail, hard work and fantastic customer service from all the staff at the hotel that has made it possible to proudly display the Premier plaque outside the hotel."

This year the number of Premier properties in the Best Western portfolio is set to rise as the membership team strive to increase the number of hotels both joining and achieving this exceptional quality and standard.
